

### Intergraph Announces 2007 Carl Pulfrich Award Call for Nominations

Nominations for the 2007 Carl Pulfrich Award are now being accepted. Z/I Imaging sponsors this award in order to promote outstanding scientific, application-oriented design and/or manufacturing activities in the field of photogrammetry and remote sensing, including earth imaging applications.

The biennial award and donation is intended to honor the memory of Dr. Carl Pulfrich, a member of the scientific staff at Carl Zeiss from 1890 to 1927, during which time he directed the design of the first stereo photogrammetric and surveying instruments from Zeiss.

You and your colleagues or associates are encouraged to submit nominations for this prestigious award. Nominees will be considered on the basis of experience, activities in field of photogrammetry and remote sensing, and contributions to the advancement of all aspects of the earth imaging field. Applied work involving hardware systems, software solutions, or innovative service activities will be considered by the Carl Pulfrich Award Council.

The award recipient will receive a monetary gift of \$7,500 (U.S.) or an amount deemed suitable by the Award Council and will be presented the distinguished 2007 Carl Pulfrich Award plaque at the International Society for Photogrammetry and Remote Sensing (ISPRS) Workshop, May 29 – June 1, 2007, in Hannover, Germany. **Nominations must be received by 5 p.m. (CST) on Friday, March 30, 2007.** Mail, fax, or e-mail nominations received after this time and date will not be considered.

For more detailed information on the 2007 Carl Pulfrich Award, including application submission criterion, visit <http://www.intergraph.com/promo/carlpulfrichaward/>.
